

DWA_04.3 Knowledge Check_DWA4

1. Select three rules from the Airbnb Style Guide that you find **useful** and explain why.

- Consistent Formatting: Consistency in formatting helps create a visually cohesive and professional-looking document or codebase. This rule emphasizes using a consistent style for indentation, spacing, naming conventions, and other formatting aspects.
- Clear and Descriptive Naming: Choosing meaningful and descriptive names for variables, functions, [classes, and other elements is crucial for code readability.
- DRY(Don't repeat yourself principle)The DRY principle advocates for avoiding code duplication by abstracting common functionality into reusable components or functions

2. Select three rules from the Airbnb Style Guide that you find **confusing** and explain why.

Use prototype instead of calling object methods directly (3.7).

Use higher-order functions instead of old-school loops (11.1).

Use `/**/` for multi-line comments (18.1). When you decide a comment is necessary, make sure it's easy to read.
